> Me

I thrive on embracing challenges, seeking optimised solutions, and navigating complexities in an ever-changing environment. My strong desire to learn drives me to maintain high standards of work, and I'm excited to broaden my horizons by exploring the world of professional Software Development.

> Experience

Summer Work Experience September 2023
AccessFintech

Being my first time working in an office, I acquired valuable insights into the structure of a business, emphasising the significance of teamwork, communication, and meticulousness within a dynamic and fast-paced work environment.

Event Staff July 2021
Spectrum Service Solutions

As a valued member of the support services team at the 149th British Open Golf Tournament, I contributed to maintaining a pristine and well-organised venue in the fast-paced environment of this prestigious event.

Video Editor 2017–
Freelance

Managing projects independently, I produced high-quality and engaging videos for clients on a variety of social media platforms
